This 21" Kukri is the perfect hiking, hunting or camping companion. Its compact size fits easily into a tool box or canoe, but the 14 3/4" full-tang blade is still a force to be reckoned with. Its classic kukri curved blade design has been well-proven in the toughest of jungles for hundreds of years. But, we've added another great feature in the sawback serrations which allow users to make extremely accurate cuts for survival shelter building and other meticulous chores. The injection-molded handle offers a secure and comfortable grip while the knuckle guard protects your hand from briars. Includes paracord wrist lanyard and durable, riveted nylon belt sheath.

Product parameters:

- Weight: 0,63 kg
- Blade length: 37 cm
- Total length: 53 cm
- Steel: AUS-6
- Blade thickness: 3 mm
