Fixed Blade Knife by Boker Plus Elegance. We are proud to present a new project by Bud Nealy! The Kwaito design provides a slim profile, and is comfortably worn in a discreet manner. The structured G-10 scales and the ramps of the thumb and forefinger provide an excellent grip. As a blade steel, Swedish Sandvik 12C27 is used, and the satin finish gives the Kwaito an elegant appearance. Includes a Kydex sheath for various carrying methods, Tek-Lok compatible (Tek-Lok not included).

Product parameters:

- Blade thickness: 2,8 mm
- Blade length: 10,5 cm
- Total length: 21 cm
- Steel: 12C27
- Weight: 102 g
