The Cold Steel Axe Head Cane is a direct response to our beloved fans, friends and customers. For years now we have been asked to bring out our very own crook-top walking stick. Well, we listened - and we haven't been idle! The Axe Head Cane represents the culmination of years of design and development. Combining our own study of the combative use of crook-topped canes in the world of Martial Arts with inspiration from historical hatchet-headed walking sticks, we created a new axe-headed cane that remains perfectly innocuous for everyday use, but can be deployed in a myriad of different ways in a last ditch self-defense situation. Made from high-impact polypropylene, the Axe Head Cane will withstand even the harshest weather conditions and will never crack, warp or rot like a conventional wooden stick.
