---

Cold Steel is a world known maker of knives, swords and other edged weapons and tools, all products are made of best available materials. Company was founded in 1980 by company president, Lynn C. Thompson. The company's products include fixed blade knives, folding knives, swords, machetes, tomahawks, kukris, blowguns, walking sticks, and other martial arts-related items.

[See it in our store.](#)

The Cold Steel American Hunting Spear consists of three parts: a long steel socket, a shaft, and a spearhead, all welded together into one solid piece. The construction is durable enough for both throwing and thrusting, making it effective against any North American game. To reduce costs and simplify transport, the American Hunting Spear is sold without a shaft. The set includes a durable Secure-Ex sheath.

Product parameters:

- Weight: 600 g
