If you're looking for a budget friendly yet high-performing folding hunter, look no further than the Double Safe Hunter. It's modeled after our extremely popular old-school Voyager. Its wide, clip-point blade is 3.5" in length and is made of 8Cr13MoV steel, tempered to 57-58 Rockwell hardness. No matter what job, you can be confident you have the right knife on hand, with a blade small enough for intricate cutting tasks, yet big enough to skin anything from a mouse to a moose. A dream to use for any length of time it has a glass-filled nylon (GFN) handle that is thin and ergonomically pleasing and features a steel pocket clip. It is available with three handle variations: blaze orange, OD green and a distinctive camouflage styled version. As always, Cold Steel had your fingers in mind when designing Double Safe. Its state-of-the-art rocker lock features a secondary safety mechanism, that when engaged is enormously resistant to shock and impact.

Product parameters:

- Total length: 21,3 cm
- Blade length: 8,9 cm
- Blade thickness: 3 mm
- Steel: 8Cr13MoV
- Handle length: 12,4 cm
- Handle: GFN
