Cold Steel FGX Wasp Dagger New for 2020! We have tried to make our FGX Wasp dagger look and feel as close as humanly possible to our Drop Forged Wasp. While significantly lighter in weight, it still offers amazing piercing power and will glide through soft targets like they were made of butter! For cutting power, we have equipped both edges with our grip and rip serrations, so it will cut exposed flesh to the bone. Offered at a ridiculously low price, its a bargain you wont want to pass up.
