The Garden & Camp Machete represents Cold Steel's interpretation of a much-used African agricultural tool. Incredibly intuitive to use, the Garden & Camp Machete is a quick study in economy of motion. By slightly bending your knees and leisurely swinging the machete with a back and forth motion, you can make short work of many cutting tasks. Use it to trim the grass and weeds from your garden, or as a lightweight and handy cutting tool to clear brush from camp sites, hunting blinds and shooting lanes. Use it as a probe in long grass to look for obstructions, obstacles or varmints. Its strong, sharp and long double edged blade is super lightweight and a breeze to carry and use all day.
