Perfect Balance Thrower takes inspiration from a 1950` s classic. Its center of balance is at the midpoint of its overall length. It hits hard and penetrates its target efficiently because of its considerable weight and fully sharpened clip point. The strong 1055 carbon steel construction, black rust resistant finish, and replaceable composite handle scales, make it durable enough for thousands of throws. Plus it can also hold its own as a heavy duty survival knife, cleaver or hatchet.
