Category: » [Knives](#) » [Cold Steel Knives](#)

Product ID: 10ACMC
Manufacturer: Cold Steel
Price: 70,00 EUR
Availability: In stock

See it in our store.

Our Counter Point folders offers almost all the same benefits as our Counter TAC boot knife series but in a smaller, lighter, and more easily concealed package. The blade is a classic boot knife shape with a long false edge and a needle sharp point to guarantee the ultimate in penetration, made with Carpenters CTS BD1 steel.

The handles of our Counter Points is also reminiscent of our Counter TAC's. They're injection molded from Grivory and has steel liners to enhance its strength and rigidity. It offers an unusually secure grip for its diminutive size. They're carefully sculptured and contoured with strategically placed holes to reduce weight, and sports a unique thumb rest built into the butt, which affords excellent purchase and a wide variety of grip options. While no folding knife can ever hope to compete with a fixed blade boot knife in overall strength, our Counter Point folders comes much closer than any competitor in its size range due to its revolutionary Tri-Ad™ lock. Designed to withstand horrendous stress and strain, it shrugs off impact from any angle without fail and offers a huge margin of safety for your precious fingers.

To enable your Counter Point II to be swiftly drawn and ready for action we have equipped them with a fully ambidextrous pocket clips and thumb studs. Clipped to a boot top, pocket or waistband, the Counter Points are just about invisible and so light it truly can be carried 24-7.

Product parameters:

- Blade length: 7,6 cm
- Blade thickness: 3,5 mm
- Total length: 17,5 cm
