Cold Steel Knife Gunsite Counter Point I. Limited run and serialized. All new for 2020, the Gunsite Counter Point. It's stiletto-inspired spear point blade has a distinctively pronounced false edge with jimping and a wicked half serrated blade, combining to make a blade that not only looks great, but delivers a show stopping performance! Made from Japanese AUS10A Steel, the Gunsite is highly corrosion and stain resistant and takes a very sharp and durable edge. The Gunsites handle is made from OD Green Griv-Ex and reinforced with heat treated aluminum liners, making it not only very strong, but comfortable and secure in almost any grip imaginable. For added strength and safety, we equipped the Gunsite with our famous Tri-Ad locking mechanism, proven again and again to be incredibly strong and shock resistant.
