New for 2020 - We are happy to announce a Kudu Lite model, knife designed to be even more affordable it resembles our classic Kudu ring lock knife in every aspect except it relies on a heavy spring to keep the blade open like classic slip joint pocket knives.

The Cold Steel Kudu takes its inspiration from the classic ring lock folding knives of Africa. These highly functional blades are owned and carried by people from every walk of life, and are the everyday tool of choice for almost every conceivable task. They have stood the test of time, and have been in-use continuously for centuries - and with good reason - they work! Our Kudu features a highly rust resistant and beautifully mirror polished stainless steel blade that is expertly heat treated to offer an excellent balance between edge holding and ease of re-sharpening. The handle is made from durable glass-reinforced Zy-Ex and has an attractive wood grain texture and polished silver embellishments. The Kudu is amazingly lightweight, versatile and functional, and affordable on almost any budget.
