"Under-The Hill" was the notoriously rowdy riverfront district of Natchez, Mississippi at the beginning of the nineteenth century. So disreputable, it was seldom mentioned in the polite drawing rooms of the antebellum mansions that dotted the other side of town during the era when cotton was king.

Cold Steel's Natchez Bowie was born "Under-The-Hill" and takes its pedigree from those seedy taverns and dimly lit streets. Line-bred for battle, it's the definitive fighting Bowie. Its long blade is perfectly shaped for strength, reach, and leverage and its significant heft is flawlessly balanced, giving it unparalleled liveliness and velocity. Combine all that with its wickedly razor-sharp edge and you have a knife that pierces like a dagger, cuts like a razor, and chops like a cleaver!

The very best in materials and workmanship is what makes performance like this possible. The blade is made of 4034 stainless steel. The handle also plays a big role in the overall performance. It has a double quillion guard, bolster, and pommel made of highly polished 300 series stainless steel and a gorgeous black linen Micarta handle. It will easily accommodate a wide variety of gripping methods while serving as a very formidable impact weapon as well.

Each Natchez Bowie is supplied with a Secure-Ex sheath to protect the blade and allow you to wear it safely and securely on your side always ready to defend you and your loved ones.
