Our classy walking sticks are just at home at the opera as they are on a stroll through the urban jungle. The City Stick's glossy black shafts are made out of eleven layers of fiberglass which, in impact tests, proved to be unbreakable. They're all topped with a removable head that can be easily engraved or modified to suit your tastes. At the base is a thick rubber ferrule for excellent traction.

Available with either a solid stainless steel head or our new polished black linen Micarta version, which is substantially lighter than its steel counterpart.
