For many years now we have offered the ultimate in professional grade throwing knives. Our stout, heavy and superbly balanced throwers have become a mainstay in the throwing community and they make regular appearances in throwing competitions all over the world. Now, due to popular demand, we are proud to introduce a new line of intermediate grade, inexpensive sport throwers. Made to the same exacting standards, and with the same hard spring tempering as our higher end models, these sport models are slightly thinner and lighter but with the same durability and balance that our customers have come to expect from our throwers. Throwing well and hitting hard when released from either handle or blade, our sport series are available in three distinct blade designs. Suitable for any skill level, they are markedly less expensive than our original pro grade models and make it easier than ever to take up this enjoyable and rewarding pastime.

Product parameters:

- Weight: 326 g
- Blade thickness: 3.5 mm
- Blade length: 22,8 cm
- Handle length: 11,5 cm
- Total length: 33,6 cm
- Steel: 1055
