The Tsuba (guard), Fuchi (collar), and Kashira (pommel), are expertly made and finely crafted from black iron. The Habaki (blade collar), is hand made out of polished brass and each hilt is covered in Samé (ray skin) and tightly wrapped in the traditional style with black cord. A beautiful brass Menuki (a small, ornamental sculpture inserted between the ray skin and the cord wrappings on the handle) enhances the sword's aesthetic appearance and makes for a sword that is as traditional looking as we can possibly make it.
