The Tanto Lite resembles its more expensive counterparts in many ways, (with similar blades, guards and pommels) but featuring sub-zero cryo-quenched German 4116 Stainless Steel blades, and newly designed handles. The handles are made in two parts. They feature a Polypropylene guard, pommel, and core section, which envelopes the knives full tangs. The core is then over-molded in a deeply checkered Kray-Ex for a non-slip grip that's easily cleaned with soap and water. To carry your knives safely and conveniently in the field, we are including a pouch-style versatile low profile polymer sheath with integral belt loop that can be easily worn on your hip or tucked into your pack or tackle box.
