Cold Steel is a world known maker of knives, swords and other edged weapons and tools, all products are made of best available materials. Company was founded in 1980 by company president, Lynn C. Thompson. The company's products include fixed blade knives, folding knives, swords, machetes, tomahawks, kukris, blowguns, walking sticks, and other martial arts-related items.

[See it in our store.](#)

This superb tomahawk is precision drop forged from 1055 Carbon steel. Drop forging is, without doubt, the best method of manufacture for any impact weapon, particularly one with a cutting edge. This hawk is differentially heat treated. This means that the cutting edge and hammer face is fully hardened, while the balance is left relatively soft to absorb the shock of striking blows.

Modeled after an early frontier pattern, our Trail Hawk can do it all. It's an excellent chopper and has a functional hammer poll with a hardened face so you can drives nails, hammer in stakes, and smash or crush just about anything. Best of all it's extremely lightweight and compact so it's a cinch to tuck it under your belt or lash it to a pack or shooting bag.

Product parameters:

- Total length: 55,8 cm
- Hawk length: 16,5 cm
- Blade length: 5,7 cm
- Weight: 0,54 kg
