The Cold Steel Voyager series is designed to be the true everyman knife. Lightweight, comfortable, super sharp, they are rugged, dependable and perfect for hunting and camping as well as general utility and daily cutting chores. The Voyagers excel in many survival and rescue applications, and they have proven to be very popular with Police and Military personnel, who appreciate the combination of cutting performance and safety that they offer. They are precision engineered and held to our most exacting standards. Featuring AUS 10A blades, and our Tri-Ad locking mechanism - which is quite possibly the most secure, safe and shock resistant lock on the market today! The ergonomic Griv-Ex handles (reinforced with heat treated 6061 aluminum liners) provide great comfort and a secure grip even under extended use in tough conditions. New to our line up is an iconic Kris blade Voyager inspired by the fabled blades of Southeast Asia. It offers a wide, thick serpentine shaped blade that cuts and slashes with particular efficiency due to its razor-sharp undulating edge.
