When you purchase one of our new Black Talon™ tactical folders there's a phrase you'll start hearing more and more: "Man, that's one mean looking knife!"

The Black Talon™ is indeed an awe inspiring, ferocious looking knife. It's efficient both coming and going and will rip, cut, or slash through just about any obstacle or material you put in its path. This is because of its needle sharp, talon-like point, and its sinuously curved blade. The blade is made from our own exclusive San Mai III blade so you know it will hold an edge for a long time and will rarely require re-sharpening.

The elegantly simple grip of this all-out cutting blade is strong and sturdy. It features a robust Titanium frame, which supports the forged Titanium bolsters and highly textured G-10 scales. The well built, yet highly refined, Titanium leaf spring lock will protect one's fingers from the Black Talon's™ razor sharp edge. This lock, in our tests, has proved itself peerless when it comes to withstanding great shock and stress.

For instant access, the Black Talon™ has a uniquely shaped thumb hole cut into the blade making it a snap to open with either hand. And for convenience and security there is a compact pocket clip and a steel lined lanyard hole. The clip is removable, so it can accommodate left and right-handed users alike.
