The Drop Forged Boot Knife is a knife designed for concealed carry. With a keen double-edged 5" blade and needle sharp tip, it's a substantial and shockingly effective last ditch self-defense tool, but thanks to its slim profile and one-piece construction it carries remarkably flat without "printing". The Drop Forged Boot Knife is strong, sharp, and thanks to its handle-heavy design it has tremendous piercing power. Each Boot Knife comes complete with a Secure-Ex sheath and an integral Ulti-Clip for superior, reliable retention whether in a boot or clipped to a waistband.
