Survival/Rescue operations demand a versatile knife able to withstand the most extreme abuse. The SRK(Survival Rescue Knife) was designed specifically with this in mind. The blade is finished with a rich Tuff-Ex coat which helps to protect the VG-1 Stainless steel from the elements. It features a tremendously strong clip point that's fine enough for delicate work, yet possesses enough belly for efficient cutting, slashing and skinning strokes as well. At 3/16 of an inch thick, the Survival Rescue Knife offers the sturdiest possible point and edge configuration, without sacrificing sharpness. The SRK's handle sports a single quillion finger guard and a deeply checkered Kray-ex grip.

Product parameters:

- Total length: 27 cm
- Blade length: 15,2 cm
- Blade thickness: 4,7 mm
- Weight: 230 g
- Steel: VG-1
