Cold Steel Ti-Lite VI zytel knife. We know that many of our customers love the look of our Ti-Lite knives but find the prices a little steep. So we have created some very affordable alternatives. The Zytel Ti-Lite with a 4 inch blade mimics the look of its more expensive counterparts almost exactly, and our model that features a six inch blade is a completely unique Ti-Lite, virtually in a class by itself.

Instead of 7075 Aluminum, we used 43% glass filled Zytel for the handles and high quality stainless steel for the leaf spring lock and liners. The results are extraordinarily lightweight knives that are remarkably strong, sharp and good looking, at a price almost everyone can afford.
