Have you ever imagined a hunting knife that has the safety and convenience of a folding knife yet has the strength and cutting power of a fixed blade? Cold Steel has taken this thought one step further and made it a reality with our Ultimate Hunter. Cold Steel President, Lynn C. Thompson, a world-renowned hunter in his own right, and custom knife maker Lloyd Pendleton have designed a folder that offers everything you could want in a hunting knife.

The blade featuring Lloyd's famous drop point configuration is ideal for field dressing and skinning big game animals and is stout enough to withstand considerable abuse without snapping. It's fashioned from 4 millimeter thick VG-1 stainless steel and flat ground to an unbelievably sharp edge that will last yet remain easy to sharpen. A deep lustrous satin finish highlights the blade's precision grinding and enhances the Ultimate Hunter's visual appeal.

The state-of-the-art rocker lock is the result of 17 years of hard won technical skill. No one in the industry makes a stronger lock than Cold Steel. The precision milled, hand fitted parts and extra thick, stiff springs will provide safety under hard use and the special heat treatment, along with other secret refinements, make this lock a formidably strong and reliable piece of workmanship.

The Ultimate Hunter's most winning feature is its exceptionally comfortable Thermorun grip. It's specially contoured to fit the palm, absorbing shocks and sticking to one's hand with the kind of traction only Thermorun can provide. It can be wielded for hours without discomfort or fatigue.

Thumb studs for one handed opening are included on both sides of the blade and a custom designed pocket clip means your Ultimate Hunter will be close at hand and ready for your next hunting or outdoor adventure!

Product parameters:

- Blade length: 8,9 cm
- Blade thickness: 4 mm
- Handle length: 12,7 cm
- Total length: 21,6 cm
- Weight: 121 g
