The Condor Terrasaur knife from Condor is a powerful budget knife for bushcraft and survival. The Condor Terrasaur knife has a 3 mm thick blade made of high-carbon 1095 steel with scandi grind and full-tang construction. The knife handle is made of high impact polypropylene, thanks to its texture it fits perfectly in your hand. Lanyard hole is at the end of the handle. The knife comes with high impact polypropylene sheath that holds the knife well. The sheath has leather belt loop.

CONDOR TOOL & KNIFE traces its proud history back to 1787, the year GERB WEYESBERG COMPANY was founded in Solingen, Germany.

The quality of the swords, military knives, agricultural tools and household cutlery they manufactured made Solingen the cutlery capital of the world. Over the generations, the world's largest manufacturer of swords and knives found it necessary to expand operations to other countries to better serve its customers.
