The Imperial Qing Sword is based on a historical piece designed and commissioned in 1748 by the Qian Long Emperor (Qing Dynasty) for members of the royal family. This sword was part of a series of 30 pieces, sorted into 3 categories: Heaven (Tian), Earth (Di), Man (Ren). The blade is decorated with an intricate fretwork design and forged from Dynasty Forge's forge-folded 1095/1085/1060 high-carbon steel. The sheath is hand-carved from hardwood while the handle features a hardwood core wrapped in green cord.
