Over the years we have been constantly asked, "What about a hunting knife?" Well, finally I decided to do one. This knife was designed by my life long friend Brian B. He is one of the World's premier big game hunters. That's no exaggeration. He held the record for World's largest lion for several years. He always used Commanders on his hunts but wanted a more "Specialized" blade for cleaning and skinning. He has used the CQC-16 Prototypes in Africa, Alaska, Montana and the Midwest on everything from Cape Buffalo to White Tailed Deer and it has performed as it should, every time. Now we bring this performance to you as the CQC-16 Emerson Hunting Folder. Partially serrated black coated 154CM stainless blade with thumb lug. Wave feature. Black G-10 handles. Black coated stainless pocket clip. Lanyard hole.

Product parameters:

- Total length: 21 cm
- Blade length: 16 cm
- Blade thickness: 3 mm
- Hardness: 57-59 RC
