When you've landed the big one, fumbling for tools isn't easy. Enter the new Flik Fishing Tool. With a flick-of-the-wrist the long needle-nose pliers deploy quickly, keeping one hand free for more important tasks. Remove hooks in a snap, or sharpen them with the included file. This tool is packed with implements like flip-out scissors able to cut 150# line, which means you can leave all those other toys back in that clunky tackle-box.
