Think big. Think tough. Think capable. Think versatile. Think about combining all those robust qualities into a king-of-the-road multi-tool. Think Freehand.

Its the biggest, toughest, most industrial multi-tool around. With thicker blades and a specialized industrial driver that can manhandle its way through just about anything.

We combined the functionality of our one-handed opening pliers with the convenience of outboard tools. The larger, manlier tools are easy to open with one hand? insuring that you always have one free hand.
