Gerber Multi-Plier 600 D.E.T.

When you put this tool in the skilled and steady hands of a combat engineer, the first thing he'll probably say is something like this: How the devil did I ever get along without this? It's a fair question when you consider the compact versatility of the D.E.T.

The hearty stainless steel is coated with a black, non-reflective coating that'll never produce a give-away glint while working in the sun. Our patented one-handed opening plier mechanism can be a lifesaver in the field, whether you're under the gun or not.

Unique to the D.E.T., a punch for C4 explosives and a blasting cap crimper. Then there's the pure, can-do functionality of the premium RemGrit blade for severing cable. The ballistic nylon sheath is part of the package.

Pliers Type: Blasting Cap Crimper

Components: Needlenose pliers with blasting cap crimper, wire cutter, wire crimper, C4 punch, fine edge knife, RemGrit saw with universal coupler, cross point screwdriver, small, medium and large flat blade screwdrivers, lanyard ring, can opener, bottle opener, file. Handle Material: Stainless Steel
