[See it in our store.](#)

The Flanged Mace was a formidable hand-to-hand combat weapon in Medieval times, capable of smashing even the heaviest plate armour when wielded by a mounted knight. Our 7-flanged mace is typical of those used throughout Europe. Equipped with a leather wrist and saddle thong, it features a wire-wrapped, spiral-bound grip and is built on a steel tube, rather than a solid rod, to provide better balance.
