Hanwei Tinker Early Viking Replacement Blade - Blunt

Category:

See it in our store.

Although the Tinker Viking swords have riveted tangs, Hanwei is nevertheless offering replacement blades for those wishing to either replace a severely worn blade or wishing to build a custom Viking sword. This is a replacement blade for the blunt version of the Tinker Early Viking Sword (SH2409), but it can also be adjusted on the sharp format (SH2408).

Product parameters:

• Steel: 5160

• Blade length: 76,5 cm
