One of the most unique and effective Bowie designs we've come across. The original is in a private collection, but it wouldn't be out of place on the belt of General Santa Anna while seeing courageous action on the frontier. 1085 high carbon steel, uniquely shaped, hand forged full tang blade. Solid brass finger guard and bolster w/hand finished, solid wood handle. Comfortable and wicked fast. Includes top grain leather belt sheath w/embossing and metal reinforced tip. A must for any collector. Made by Windlass Steelcrafts. Can be personalized with 3 Initials
