[See it in our store.](#)

But when we received word that an SP5 had survived a house fire with the blade and coating in nearly perfect condition, and the owner asked us to bring back the bowie, we knew what we had to do. Rising from the ashes by demand, it's the return of an American legend. The quarter inch thick, 10 inch 1095 carbon steel blade will be your most faithful and fearsome companion. Comes with molle compatible nylon sheath.
