For our 20th anniversary in 2006, we launched a new adaptation of the original SOG Bowie that founded the company. This large format 7-1/2 inch blade will stun you with its precise construction and grind lines. Unlike the original, all parts are protected with hardcased black TiNi coating for best appearance and performance. It retains its roots with stacked leather washer handle and overall design. A serious knife designed for serious situations. It's one of our largest knives, so make sure to assign it large jobs. Features full tang 7.5-inch black TiNi blade made of quality AUS-8 steel epoxied stacked leather washer handle and stainless steel crossguard and pommel. Sculpted cross guard keeps your fingers safe and sound. Looks cool too. The epoxied stacked leather washer handle gives a classic look and a comfortable feel. A black leather sheath with whetstone is included.
