All Endura 4 Lightweights are distinguished by their skeletonized stainless steel liners and injection-molded fiberglass-reinforced-nylon (FRN) handles. This version of the design features a full-flat-ground VG-10 stainless steel blade with a PlainEdge cutting edge. This slim, highly refined blade grind creates incredible edge geometry and a distal taper that reduce friction for superior cutting performance. The blade is supported by a sturdy back lock mechanism that locks it securely open when in use yet allows easy ambidextrous lock release.

Product parameters:

- Total length: 22,2 cm
- Blade length: 9,6 cm
- Blade thickness: 3 mm
- Steel: VG-10
- Weight: 96 g
- Closed length: 12,7 cm
- Colour: purple
