This letter opener is an authentic miniature reproduction of Gandalf the Grey's Glamdring sword as seen in the The Hobbit movie.

It measures approx. 23 cm in length and comes in a wooden box with opening glass lid.

Named Foe-Hammer and feared as the 'beater' by the Goblins, Glamdring is the mate of Orcrist and was forged by master Elvish sword smiths.

It was found along side its mate and Sting in the cave of the three trolls.

This exquisite replica letter opener comes complete with a wooden presentation case.
