Category:

Product ID: TPPWB01

Manufacturer: Tops

Price: 217.00 EUR

Availability: Out of stock

[See it in our store.](#)

The Prather War Bowie knife blade is massive and almost indestructible. The blade is intentionally wider than others to create a more destructive wound canal. His large handle is made for large or gloved hands. Whether the operator's hands are bloodied or frozen, Tops Knives famous Rocky Mountain Tread handle weight provides perfect hold. The classic sweeping point and forward balance point naturally facilitate cutting and chopping. The unique dropped blade is an integral safety guard that prevents accidental shifting of the operator's fingers forward and cutting it off while stabbing with the grips forward or backward. Thumb grooves on the spine provide additional control during precise cuts. The sharpening groove at the base of the edge makes it easier to sharpen in the field. The false edge of Prather War Bowie provides excellent penetration when pushing. War Bowie knife has a black nylon tactical sheath that has a front pocket and MOLLE band at the back. Knife was designed by former 7th Special Forces, DEA special agent, DIA intelligence officer and Bujinkan's martial arts master Jeff Prather. War Bowie knife is Jeff's perfect construction based on his twenty-five years of experience in the real world, both here and abroad. The Prather War Bowie - by warriors ... for warriors!

Product parameters:

- Steel: 1095
