The Gremlin Push Dagger is the first featured collaboration from Legendary Knife Maker Gil Hibben and fantasy weapon designer Paul W. Ehlers. The Gremlin Push Dagger pushes the envelope of design in this radical interpretation of this historic blade. First designed by Paul Ehlers in 1984, and brought to life through the steel sculpting hands of Gil Hibben, the Gremlin now breathes again in this momentous new production knife from United Cutlery. The completely unique push dagger has a full-tang, 7 1/8" 5Cr15MoV stainless steel blade with four razor-sharp edges and a penetrating point. The handle scales are black linen Micarta with a finger-grooved grip and they're secured to the tang with heavy-duty steel pins. The 9 5/8" overall, aggressive push dagger can be carried and stored in its premium leather belt sheath, which has the Hibben Knives logo and embossed decoration.
