One of the greatest warriors in Middle-earth, Dain Ironfoot, led his army of Iron Hill Dwarves in defense of Erebor in a mighty battle of five armies. He fiercely conquered his foes on the battle-field with his war hammer, a heavy, brutal weapon, marred with the scars and battle damage from many years of use. This authentically detailed collectible is a reproduction of the CGI digital model used in the motion picture, The Hobbit: The Battle of the Five Armies. The 35" War Hammer is crafted in steel reinforced polyresin, with precisely-molded details and coloring. It is presented with a polystone wall display and includes a certificate of authenticity.
