Eomer was a captain of the king's cavalry, Marshal of the Mark, and one of Rohan's mightiest warriors. He skillfully wielded his royal sword, Guthwine, and used it to slay many Orcs and Uruks of Isengard that dared trespass into Rohan. He bravely fought alongside King Theoden against the forces of Mordor at the battle of Helm's Deep and on the Pelennor Fields. In the final stand against the dark lord Sauron, Eomer fought alongside Aragorn with the armies of Rohan and Gondor at the Gates of Mordor. This authentically detailed replica is a reproduction of the actual filming prop built by Weta Workshop and used in The Lord Of The Rings films presented by New Line Cinema. This 34" long sword was made using only the finest grade materials and craftsmanship available. It features brass-finished, cast metal hilt parts, a genuine leather-wrapped grip, and a 27" stainless steel blade with engraved fuller grooves.
