From the new Liberator series, United Cutlery's M48 Falcon Karambit Knife is another triumph of tried and true ancient design reimagined into a modern, tactical weapon. It has a 4 5/8" 2Cr13 stainless steel blade with a black oxide coating and satin finish accents, plus, weight-reducing thru-holes. The ergonomic, grippy handle has injection molded nylon handle scales, secured to the full-tang with heavy-duty screws. The traditional open-ring pommel has a point on it to use as a second line of self-defense against an assailant. The 10" overall karambit knife can be carried and stored in an injection molded TPU and nylon belt sheath.
