The Samurai of the year 3000 A.D. is a master of high technology fighting and weaponry and their primary arm is the plasmium sword, a device constructed by highly disciplined sword masters using an extremely secretive form of physics. The UC1258 & UC1259 feature the Samurai code of justice, service, and honor on the handguard, engraved in their secretive language. The handle is made of precisely machined parts. The scabbard locks to the handle and can only be released with a push of a hidden button. The blade is sharp, fully functional stainless steel. Available in 2 versions with black(UC1259B) and silver(UC1259) blade.
