The Windlass Mora knife is heavily influenced by the Swedish knives we fell in love with on a trip to Scandinavia. Simplistic beauty and great performance are hallmarks of their superior function.

Tough X46Cr13 high-grade stainless steel blade and famous Scandinavian bevel for a keen edge. Solid brass guard provides just a bit of protection but doesn't hinder field dressing. The handle is bone and Sissoo, a North Indian hardwood. The subtle contouring is very comfortable and feels like an extension of your hand.

Includes leather belt sheath. Comes in a faux fur lined box. A great all-around knife for any outdoor task. 8" overall, 3 3/4" mirror polished the blade. 52 RC. Beauty and functionality come together perfectly in this traditional fixed blade knife. The blade is X46Cr13 high-grade stainless steel with a Scandinavian bevel. A solid brass guard meets the bone and Sissoo wood handle. 8 inches overall.

Product parameters:

- Blade length: 9,7 cm
- Total length: 20,5 cm
- Steel: X46Cr13
- Weight: 100 g
- Blade width: 2,3 cm
- Blade thickness: 3 mm
