Designed by ZT and Strider, this combat folder is equipped with SpeedSafe® manual assisted opening for easy, one-handed blade deployment. Just push on the ambidextrous thumb stud or pull back on the blade protrusion and the knife is good to go. An S30V stainless steel blade with matte-black Tungsten DLC (Diamond Like Carbon) coating provides extreme durability and wear and corrosion resistance. The Tungsten DLC coating enhances hardness and reduces friction drag. 3-D machined, G-10 scales provide a secure, all-weather grip. A 3/8-inch hex head pivot shaft nut makes field adjustments possible with minimal tools. Includes a quad mounting system for tip-up, tip-down, left- or right-handed clip carry.

Product parameters:
