A professional-grade, folding combat knife, the 0200st is the serrated version of the 0200. It features an innovative recurve blade, with partial serration, designed for multi-tasking versatility, minimal mass, and maximum performance. The blade design provides ideal leverage in tough cutting situations and a precisely centered point to handle piercing tasks with ease. The blade is 154CM stainless steel with Tungsten DLC (Diamond Like Carbon) non-reflective coating. Open the knife one-handed using the ambidextrous thumb stud or blade protrusion. 3-D machined scales in G-10 provide a secure grip and top mechanical strength. Handle is drilled to accept a lanyard and the knife comes complete with a quad mounting system for tip-up, tip-down, left- or right-handed clip carry.

Product parameters:

- Steel: 154CM
- Handle: G-10
- Blade length: 9,8 cm
- Weight: 218 g
