This fixed-blade military knife was designed in cooperation with the military knife experts at Strider. For exceptional strength and wear resistance, the laser-machined blade is S30V stainless steel with Tungsten DLC high-performance coating. The full-tang blade is even sturdy enough for prying and punching tasks. The Ranger Green G-10 handles are 3-D machined for a superior grip in all weather conditions. Plus, the aggressive arc at the front of the handle and notched thumb ramp provide an even more secure grip. A cord cutter is built into the choil of the blade and the handle is drilled to accept a lanyard. Includes Kydex® sheath with MOLLE compatible, multi-carry configuration.

Product parameters:

- Steel: S30V
- Blade length: 10,8 cm
- Total length: 20,3 cm
- Weight: 258 g
